Adventure awaits you in the Budongo Forest of Uganda. Your trip supports the environment and local culture—also called eco-travel. You’ll hike through lush greenery with a native guide, on carefully-designed trails. You’ll see fascinating animals without disturbing their natural habitat. And your trip will help Uganda’s people, because you’ll stay in a local inn and buy delicious native foods.

In this game, you set off on your imaginative journey. As an eco-traveler, you conserve resources, respect ecosystems, and learn about cultures. Find a friend or two and explore amazing Africa, while keeping it healthy for future travelers.

RULES: Decide who goes first. On your turn, roll both dice and move forward or backward. You may use the same path more than once. Check the keys for the action on each square. If you land on a Share Square, answer and then roll again. Your goal: take photos of five different animals, then be the first to return to Start by the exact roll of the dice.

MATERIALS: Two 6-sided dice; token (like a coin or pebble), paper, and pencil for each player.
